• Corporate
Introduction

Who we are?

Nasser Vocational Training Centre was established in 2014 by his Majesty Sheikh Hamad Bin Isa Al- Khalifa, the king of Bahrain, under royal decree No.(37), to provide training for Bahraini youth.

Our program offers the highest international standards in technical education. We strive to build a qualified and skilled technical workforce to make an effective contribution in developing the labour market in the Kingdom of Bahrain.

NVTC Board of Trustees

NASSER VOCATIONAL TRAINING CENTRE

Vision

To be the leading center that supplies a qualified technical workforce for Bahrain's Labour market.

Mission

To provide Bahraini youth with the necessary vocational competencies and to help them qualify for the labour market.

Why We Are Here?

مركز ناصر للتأهيل والتدريب المهني
NASSER VOCATIONAL TRAINING CENTRE

To support industries in Bahrain by preparing and providing qualified and talented young Bahraini employees that have been trained in specific occupational skills.

How We Do It?

مركز ناصر للتأهيل والتدريب المهني
NASSER VOCATIONAL TRAINING CENTRE

1 Identifying Industry Needs

2 Developing Training Programs

3 Selecting Students

- ▶ The applicant must be a Bahraini citizen
- ▶ The applicant must have completed Grade 9 successfully
- ▶ The applicant must pass entry exam and personal interview
- ▶ The applicant must have his guardian's approval

4 Programme Enrollment

- ▶ Technical Education
- ▶ Vocational Training
- ▶ **Engineering specialization:**
- ▶ Mechanical Engineering
- ▶ Electrical Engineering
- ▶ Oil & Gas Operations
- ▶ Instrument Installation

5 Work Placement

- ▶ On Job Training
- ▶ Inside or Outside Bahrain

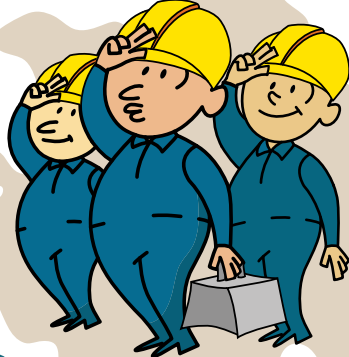

6 Learning Outcome

7 Ready to Work

- ▶ Industrial Support & Selection

What We Do?

مركز ناصر للتأهيل والتدريب المهني
NASSER VOCATIONAL TRAINING CENTRE

Our primary programs :

Technical Education Program

Is designed to provide young Bahrainis with a senior high school education that has a focus in technical and technology education with international standards. It is for students between 14 to 16 years old , who have successfully completed the Ministry of Education (MoE) Grade 9 Certificate. This program will carry them through Grades 10, 11 and 12. Enrolment in this program is conditional on passing an entrance test in English and Mathematics and personal interview.

Vocational Training Program

It offers an alternative learning pathway which focuses on applied learning methods (hands on learning). This program is integrated with a personal development program that educates students in self-discipline, work ethics, and employability skills that enable them to keep on the right track for lifelong employment. The target age group for this program is between 14 to 21 years old.

Short Courses Program

NVTC also offers a customized training courses for employees. The specialization are engineering, IT and business.
